Target: Senior Machine Learning & AI Specialist

EXECUTIVE PROFILE

Machine Learning Scientist with 6.0 years experience (2018 - present) leading deep learning and NLP initiatives in en

TECHNICAL DOMAIN

- Machine Learning: Machine learning, Deep learning, NLP, Scikit-learn, PyTorch
- Data Stack: Python, Pandas, NumPy
- Tools: Docker, Git

EMPLOYMENT RECORD

VinAI Research (2021 - present)
Role: Senior Machine Learning Engineer (3 years experience)
- Led development of multilingual Transformer models for text comprehension.
- Scaled distributed neural training jobs on PyTorch clusters.

PREVIOUS ROLES

Zalo AI Lab (2018 - 2021)

Role: AI Research Scientist (3 years experience)

- Built intent classification algorithms processing millions of daily chat queries.

EDUCATION

Vietnam National University (2016 - 2018)

Degree: Master of Science in Computer Science

SELECT PROJECTS

Project Neural Semantic Search Engine (2022 - 2023)

- Implemented vector embeddings and approximate nearest neighbor search using Python.

CERTIFICATIONS

- DeepLearning.AI TensorFlow Specialization (2020)
